Above are topics that have been covered over the past 2 years. Please feel free to share new ideas AND topics of interest below; (Feel free to include the name of a "speaker of interest" if you so desire. *Remember.. Members in general DISLIKE speakers trying to sell their wares!*

All of these topics were pulled from the Monthly News archives located on our www.SmithfieldKiwanis.org website.

"Know Your Neighbor's Religion." Leroy Fassett, a retired minister, suggested that each month, one of the people responsible for programs invite their clergy person to be the speaker. They were asked to present historical background info on their particular religion, as well as some of the culture. It became our most popular program each month. We heard from Catholic, Muslim, Jewish, Latter Day Saints, Presbyterian, Greek Orthodox, Baptist, Lutheran and many more. Not only did the programs educate us, but they also brought diversity to our meetings - giving us all a better understanding of others.
